10. **Fair Use Policy**

Three operates a Fair Use Policy for the Three Mobile Solo Light and Three Mobile Solo with data Price Plans (the “Service”). It is important to Three that all eligible customers are able to access our services. Accordingly, we have devised a Fair Use Policy which applies to the Services. Three may rely on this Fair Use Policy threshold where your usage of the Service is excessive or unreasonable as detailed in this Fair Use Policy. Three has developed a threshold for the Service by reference to average customer profiles and estimated customer usage of the Service (particularly the estimated volume and length of voice calls and texts likely be made by users).

The threshold is regularly reviewed against average customer usage and is currently set at 5,000 minutes and 5,000 texts (on the Three Mobile Solo with data Price Plan) per billing period.

If Three are of the opinion that your usage of the Service materially exceeds the thresholds over any month Three may contact you to advise you that your usage is in breach of this Fair Use Policy. If the excessive usage continues to exceed the threshold after receiving a request to stop from or alter the nature of the use or if for any reason Three reasonably suspects that you are not acting in accordance with this Fair Use Policy, Three reserves the right to impose further charges or transfer you to a Price Plan which does not include these features or to suspend, at its absolute discretion, modify or restrict use of the Service or to withdraw access to the Service.

The Service must not be used under any circumstances (1) in conjunction with any SIM gateways, GSM gateways or any similar device that is use to route (or re-route) voice, text or other service on, from or to the network, or which diverts / transfers calls to multiple mobile numbers or (2) with any device for the purpose of sending or receiving large volumes of text messages, or (3) to sell, attempt to sell or otherwise provide commercial services to any third party or, (4) to provide any telecommunications services to any third party whether by way of trade or otherwise, or (5) in any other manner that has a negative impact on the network for other Three customers. Three reserves the right to terminate your access to the network without notice where it appears to Three that any customer is using, or has used, the Service in this or in any related manner.
